Inhalt	CELTA and DELTA Trainers CELTA is a qualification which is administered by Cambridge Assessment English and offers an internationally-recognised basic entry into EFL teaching. It can be seen as a first step for teachers who want to make a career in ELT. This 9-week blended course takes place on Fridays and Saturdays. Online teaching has gained popularity since the corona pandemic and nowadays it's an advantage to be familiar with different formats. Friday input will be held online which not only means less travel time but also will enable you to gain experience using a synchronous online platform. Applicants are charged CHF 200.- to cover the costs of the pre-course approval process. This is billed when we receive the pre-course task. This sum is deducted from the course fee of successful applicants. Please respect the final closing date for applications. Although it is some time before the start of the course, the process leading to registration requires time.

Zielpublikum	The trainees must be over 18 years of age. They may be people already teaching EFL but without qualifications	
Kursziele	Observation of experienced teachers: the Cambridge regulations require you to observe a minimum of six hours of teaching by experienced EFL teachers. We will advise you on whom and where you can observe. In order to maximise the benefit of the observation, you are given sets of guiding questions to help you to focus during the lesson. Some observation (three hours) can be done using DVD video, which we provide. Written work: in addition to the above, you are also required to complete four practically-oriented written assignments. In addition, you write a lesson plan for every lesson you teach, and write up your own self-evaluation of the lesson afterwards. Plagiarism: the work you submit (whether assignments or TP-related) must be your own.	
Methoden	This course is highly practical in nature and includes 6 hours of teaching practice (both face-to-face and online) with real learners. You will be working closely together in TP groups of a maximum of four trainees, where the	

whole emphasis in on development, co-operation, mutual support and constructive criticism. When you are not actually teaching, you observe your peers' lessons, with observation tasks. TP is a very important part of the course.
